Chairman of the Board  
and  
Chief Executive Officer

June 1, 2010

TO WHOM IT MAY CONCERN:

Lorraine Sheldon and Quetzal Designs International were involved in the renovation of HEICO Corporation's Corporate Office in Hollywood, Florida and its Executive Office in Miami. The architect on both projects consulted with Lorraine on all aspects of the construction and design of the space. Lorraine prepared interior construction plans that were very detailed and which enabled us to visualize the completed interior space.

Lorraine's design suggestions were creative and innovative. She understood and executed designs that incorporated the look that we envisioned for the space. She was always available to consult with the architect and contractors and to answer any questions we might have. She visited the site often to assess progress of construction and view materials.

We have had many visitors to our offices, particularly the Executive Office, and they have marveled at the transformation of the space. The finished project is truly beautiful and functional.

I would recommend Quetzal Designs for any project. Lorraine Sheldon is experienced, knowledgeable and innovative in interior design and a pleasure to work with.

Very truly yours,

A handwritten signature in black ink, appearing to read "Laurans A. Mendelson", with a long, sweeping horizontal line extending to the right.

LAURANS A. MENDELSON  
Chairman of the Board and  
Chief Executive Officer
